- Outstanding Customer Service
- Superior Sound Quality
- Simple Ordering Process
- Competitive Pricing
- Quick Turnaround

AUDIOBOOK-GUIDE BOOK ●

At WEEN Studios we bring books to life with the storyteller's art of a professional voice. Audiobooks are increasingly popular as people love to hear a good story but are often time-poor. It takes time to record a Talking Book, around 6 hours to present a 200-page book. Therefore we record Talking Books over a few sessions. Our voice over's are able to maintain the tone of the book and characters from one session to another so the listeners will hear a seamless cover to cover narration.

Why should you order a voiceover for your audiobooks with us? Here are four good reasons:

We are the perfect one-stop solution for any audiobook voice over project. Here you can get the full production process, including audio creation and translation services.

We have a large selection of experienced voice talent who have recorded hundreds of hours of audiobooks. Browse some of them. – more than 500 voice actors speaking over 80 languages.

We offer the best rates on the market for professional audiobook voiceover recording! Character voices, Background music, Cutting and tagging.

We offer professional voice actors for audio books, e-books, narrations that play on Kindle, Nook, iPhone, iPad and other mp3 players. Listen to samples that you receive. You'll get responses within an hour!

IT'S SO SIMPLE

1

Audition voice actors.

2

Listen to samples that you receive. You'll get responses within an hour!

3

Work with your chosen voice, download your files & you're done!

VIDEO VOICE OVER●

A corporate voice over added to any corporate production piece puts the final signature on the brand. Whether it is an audio or video piece for external use to the public or an internal piece for employees, using the right voice over can make all the difference in attaining the goals you've set out.

The Perfect Voice Over Artist (VO) For Your Corporate Video.

The Voice Over Artist (VO) that you choose will quite literally become the voice of your brand. The right voice can create a real, lasting emotional connection between your brand and your customer. The wrong voice can alienate your prospective customer creating negative emotions towards your product. That's why choosing the right voice over artist is essential.

From the translation of the text to delivery as a ready-to-use recording. We take care of it all.

Our years of experience mean that projects run smoothly and we deliver on time. Regardless of how complex a project may be.

Multiple language versions are produced simultaneously. Projects are ready in a remarkably short space of time.

We offer the best rates on the market for professional voiceover services! we can deliver recording in the format and naming you to require. Ready to use.

DESIGNING●

Creativity is one of the most important factors in a successful design. We love the way we design, So we are good friends of your design

We are certainly living in a digital age, but statistics like this show we can't ignore this traditional channel. Wonderful strategies look at the whole picture, seamlessly integrating online and offline so they work together, enhancing the effect of each.

With all creative production services in-house, including design, copy-writing and photography, as well as offering a print management service, Wonderful can ensure that all printed material is cost-effective and has great stand-out.

STRUCTURED CABLING●

Our structured cabling services provide an essential foundation for your data network. This 'digital plumbing' needs to be well designed and properly installed to keep you connected at all times.

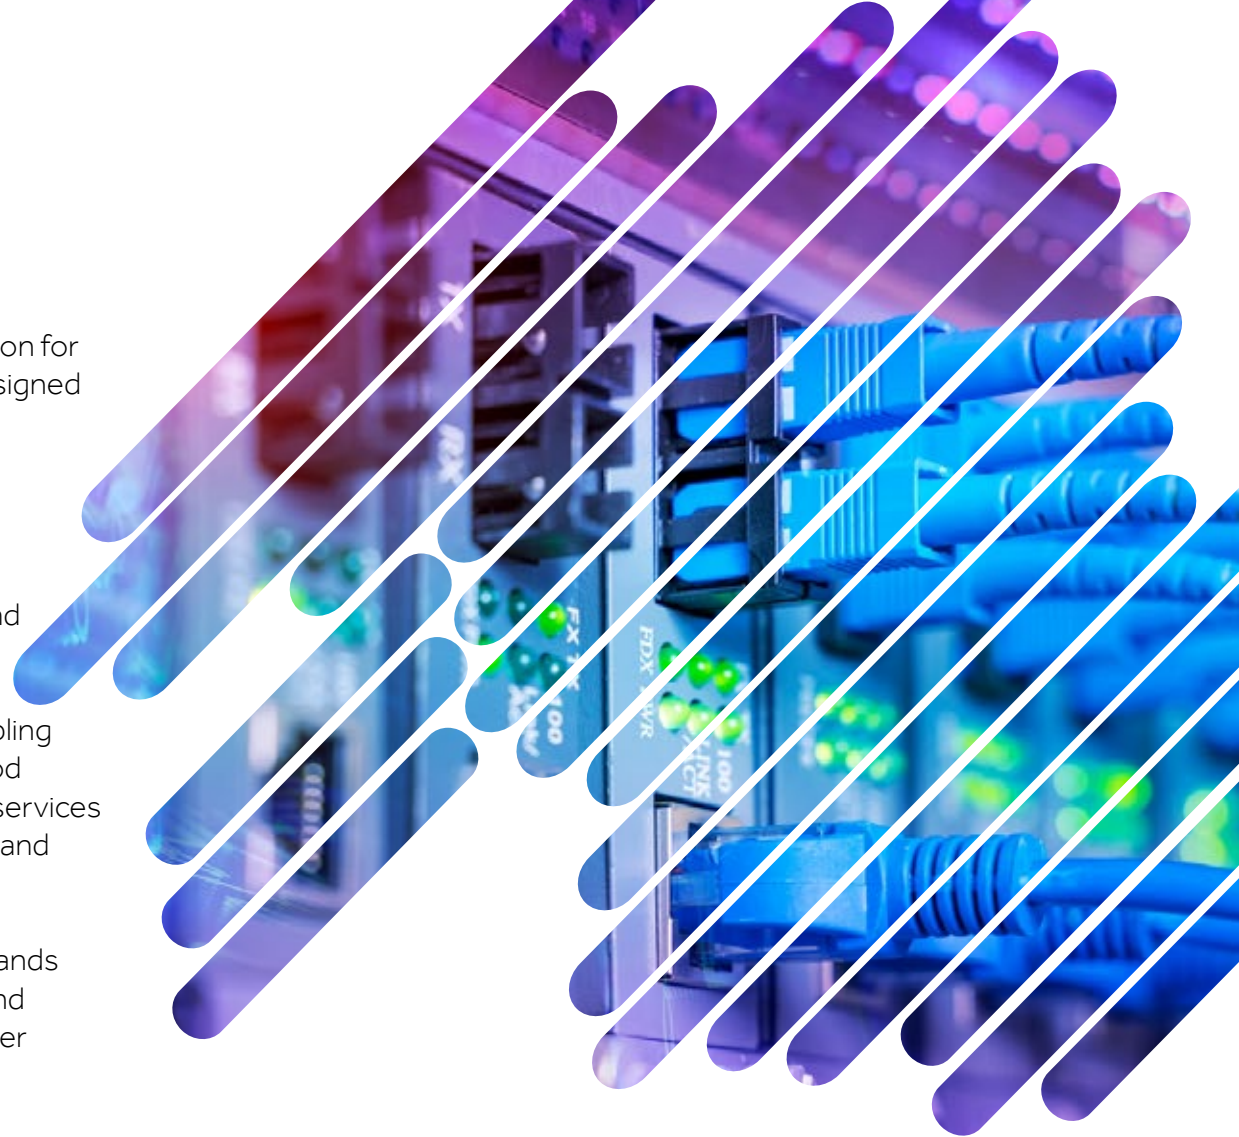

- Design and installation of copper and fiber data cabling infrastructure.
- Racks and patch panel installation.
- Active equipment including network switches, routers, and wireless access points.

We supply fully compliant, high speed structured network cabling solutions for data center and server room environments, flood wiring to office workstation and terminals, and maintenance services to tidy existing cabling, identifying redundant network cables and patching ensuring your system operates to its full potential.

Our experienced team of network cabling engineers understands how your systems integrate with each other and will supply and connect the best network cables for your data center or server room.

All of your network cabling solutions, patching schedules, and cable management are all fully documented, enabling your system documents to be updated as further network cabling is installed.

 **800 70 60**

WEEN Networks was built with the purpose of providing customers with honest and helpful structured cabling solutions and then delivering those solutions through reliable, prompt, and professional service. We install network and telephone cabling including telephone Cat5e & Cat6.

Thank you to all of our wonderful clients!●
